

30 YEARS OF CRAFTSMANSHIP

Our Clients Tell Our Story Best...

When we decided to move to Hamilton County we found the perfect construction company. Dave took a plan that we had and updated it to fit our needs. We lived almost three hours away during the planning and construction process. Dave's input was invaluable and his demeanor was always very reassuring. Sobczak Construction is a great company to work with!

Chuck & Carol

When building our home, we chose Sobczak Construction and were extremely pleased with the results and the experience. Dave always listened to what we wanted and strived to deliver; was fair and reasonable about changes; had high quality workmanship and standards; and, was trustworthy. We definitely recommend Sobczak Construction.

Tom & Deanna

Dave made what could have been painful challenges easy for us. Working with Dave and his team was a very positive and professional experience. They were easy to work with, open to our suggestions and advised with expertise. Dave had great ideas when we were stumped, was extremely easy to communicate with and always professional. Besides having the home of our dreams, we have made wonderful new friends.

Sobczak Construction Services (SCS) realizes that building a home is one of the most significant financial and emotional investments people take on — we understand this and are committed to helping our clients turn dreams into reality.

Since its beginning, SCS' reputation for honesty and loyalty has extended beyond our clients to the professionals in our field. We work with the finest subcontractors and suppliers, ranging from local craftsmen to national and international corporations, ensuring each home is constructed with

the utmost skill and highest quality goods and materials available. From the initial concept and planning phases, to breaking ground and construction, the team at SCS manages each project with exacting attention to quality and detail.

Combining honest clear communication and sophisticated management skills, the team at SCS does more than build luxury residences — we serve as our client's advocates, working to ensure their interests are secure, privacy is protected, and visions are realized.
